TWENTY 3-YEAR SUBSCRIBERS
WORTH 6,000,000 VOTES, WOULD

the contestants in the lead. Forty re-

a contestant 3,000,000 votes, twenty
new subscriptions for two years count
3,000,000, twenty new one-year sub-
scriptions give a contestant a boost
of 1,200,000.

Remember the votes given on sub-
scriptions are as follows, and the con-
test will close April 5th, so it behooves
every contestant to get busy:

considering its following so close on
the village street fair. Mr. and
rs. L. Ray Clements will entertain
the next whist, which will be given
Tuesday, the 16th, at the library
rooms.

Those who were courageous enough
to brave the rain on Sunday morning
nd attend church, not only listened
to an excellent sermon by Dr. Rich-
mond, but were favored with two
songs by Mrs. Neville of Hotel Claren-
don. Mrs. Neville has a beautiful
contralto voice of rare quality and
one who heard her felt it a great
privilege to be present. After services
aac H. Sawyer gave an interesting
talk to the Sunday school on "High
deals."

Mr. and Mrs. Arthur Jenkins, who

ages and for both sexes is needed.

Upon request, the vaudeville given
at the street fair was repeated on
Monday night to a large audience. Be-
fore the performance Dr. Richmond
gave a short and spicy talk explaining
the object for which the vaudeville
was given, namely, the raising of
funds for the new memorial library.

One or two new features had been
added, among these being a number
given by Miss Minshall and her friend,
guests at Hotel Ormond, entitled "The
Neapolitan Scream." This was an
Italian street scene, given in costume
and which proved very taking. The
maxixe dance, given by the little
Misses Jeannette Darby and May
Bramel, was most enthusiastically re-
ceived, these small artists receiving
two encores. Miss Jeannette's song
and fancy dance later on also receiv-
ing much appreciation.

Mrs. Neville, of Hotel Clarendon,
was in beautiful voice and charmed
her audience with three numbers—
"The Rosary," "Good-bye" and "Land
O' The Leal." The vaudeville netted
something over \$88.00, which will help
out the street fair proceeds and very
materially add to the memorial build-
ing fund.

Mrs. Ellen Borden, with Miss John-
son, are now spending a week or so in
Tampa, Fla.

**AMERICAN DENTISTS HELP MAKE
FRENCH ARMY FIT FOR SERVICE**

Remarkable Operations Performed on Wounded Soldiers Arouse Interest in New Aspect of War Surgery—Piece of Rib Substituted for Jawbone—Armies of the World Slow to Recognize Importance of Work Done by Tooth Doctors.

Paris.—A capital professional interest attaches to the dental department of the American ambulance at Neuilly. Perhaps never before, certainly never since dental science took on the character of "surgery of the face," has there been such an opportunity for dentists. The number and variety of injuries to the lower part of the face which have been presented by the wounded from the battlefields along the Marne and Aisne has never been surpassed in even the most remarkable railway accidents, those other feasts of dentists.

It is due again to American ingenuity and independence that the dental aspect of war surgery has been given any chance. First of all Americans are the best dentists, as they were the first practical ones. In this branch of medicine Europe still goes to school to America. Then, too, the American ambulance was founded under such conditions of freedom from bureaucratic control that it was possible for the eminent head surgeon, Doctor Du Bouchet, himself a son of a dentist and a brother of one, to turn over to a special department all jaw cases without stirring up rivalries between grades of surgeons and physicians and dentists with different kinds and colors of stripes on their sleeves.

In the French hospitals dental operating has not been nearly so successful, not only because the French dentist is not mechanically and medically so competent as his American confrere, but even more pronouncedly because the dentist's military grade is necessarily lower than the physician's or surgeon's.

Dentists in U. S. Army. In the English army, too, there are no places regularly reserved for dentists. In fact the American is the only army for which dentists are regularly engaged just as surgeons are, and in the American army the grade of the dentist, that of first lieutenant, from which he cannot rise, is far from satisfactory to the profession in general.

The result of this particularly bad foresight on the part of the French military bureaucrats is that no provision can be made for the curing of injuries to the jaw, because it is out of the question for surgeons to attempt to do dental work. At the American ambulance now the dental department is receiving many cases for reoperation from eminently competent surgeons.

The case of a man whose jaw, two-thirds shot away, was sewn and pieced together so that it was all out of line and whose lips, ripped to pieces by the ball which destroyed his mouth and left only fragments hanging about his neck, were so sewed up that his beard was growing away prosperously inside his mouth and tickling the roof of it, leaving the patient unable to speak and scarcely able to eat, was only one of dozens. In six weeks the American dentist treating this man had the jaw and lips back again in normal position and a monstrous face is turned into one which only a dentist could ever tell had been injured.

It would be folly for anyone but a dentist to attempt to describe in their technical aspect the peculiar character of the problems presented for solution in the dental clinic of the American ambulance.

Rib in Place of Jawbone. Roughly speaking, the injuries which the writer actually saw one morning in the clinic were about as much worse than those reported. In photographs

secure corners at the bottom of the mouth, from which position they could be extracted only with great difficulty on account of the danger of bleeding. X-ray photographs gave no assistance to the operators in these cases because there were literally no solid pieces left for putting together.

The patients appeared to suffer extremely little pain during the course of the fixing of all sorts of complicated wire apparatus in their wretched mouths because the pressures and forces employed were applied so very gradually. There were several men present for dressing who had been under ether on the operating table two hours before while a surgeon placed morsels of their ribs where their own lower jaws had once been; these fellows were smoking cigarettes and whistling a little and trying out a bit of conversation just to see how the new halves of their mouths worked. Apart from the line of stitches up and down the center of their chins the faces looked quite normal.

From Many Hospitals. It is extraordinary what a large number of such difficult cases one dentist can attend to between nine and eleven in the morning. A very few minutes suffice for each case because the curing effected by the apparatus within the mouth is so gradual a process. Six operators had perhaps sixty or seventy cases in their chairs during the short time that the correspondent was permitted to remain in the clinic. The majority of the cases so far have come from the wounded taken directly to the hospital from the front, but during the last few weeks many cases have been received from other hospitals whose surgeons have heard of the work being done by the American dental clinic. Most of these cases were for reoperation, of course.

In addition to the more serious surgical work which the American dentists are carrying on a large amount of extremely important minor work in the way of repairs to bad teeth is being accomplished. Soldiers who cannot eat cannot fight and it takes better than ordinary teeth to chew army food. The number of men who have been sent back from the trenches because they have broken off their rotted teeth by biting on hard biscuits and have then fallen ill from indigestion of food swallowed whole is very large. There are also in the regular military hospitals of Paris and the provincial cities hundreds of men who have simply lost their false teeth in the trenches. The state of dental culture in France is so low—until 1894 any person whatsoever could hang out his dentist's sign—that the ordinary recruit has teeth which an American dentist would say offhand made him useless for long campaigning.

The English soldiers, too, have very bad teeth. The consequence is that toothache is common in the English trenches, even among officers, strange as that may seem. One English general even had to have a dentist visit him under fire to pull a tooth.

Important as Good Feet. The point which the American dentists emphasize is that dental work is so rapidly done that it would be possible to have every man properly equipped with a chewing apparatus in time of peace and that eating is such an important part of a soldier's activity that it is as foolish to send him out to battle with bad teeth as it would be to drill men with impossibly crippled feet with the idea of making ex-

ORMOND

March 15.—Dr. Chapman, of the American Ornithology, who is now a guest at the Village Improvement Union church. As this meeting of the club, a session will be held at Chapman's address. Miss Harriet Gamble, N. Y., cousins of Mrs. Isaac H. Sawyer gave an interesting talk to the Sunday school on "High Ideals." Mr. and Mrs. Arthur Jenkins, who have been guests at the home of Mr. and Mrs. George H. Sage, for some time past, returned north on Sunday morning. Mrs. Jenkins will stop off in Virginia enroute to their home in Hartford, Conn. Miss Marion Cleveland entertained her young friends at bridge on Thursday afternoon at Bretton Inn. Mrs. Frank W. Hopkins, of New

York is at Bretton Inn for the spring season. Mrs. Hopkins is a daughter of the late S. V. White, who financed the narrow gauge railroad running from Palatka to Daytona. F. M. Dyer, of New York, who owns a fine orange grove on the peninsula, is now a guest at Hotel Ormond. Mr. and Mrs. J. W. Ulrich, of Columbus, O., have engaged rooms at Bretton Inn. Mr. and Mrs. Ulrich have a wide acquaintance at Seabreeze and Ponce Park. The Ladies' Missionary society of Union church met on Thursday afternoon with Mrs. William Shafer on Lincoln avenue. The devotional exercises were led by Mrs. D. W. Lewis, after which the monthly report was read and accepted and a program on foreign work was presented by some of the ladies present. Mrs. Evernden, the state president of mission work, made an appeal for all kinds of wearing apparel for the students and their families at Atlanta Institute, Georgia. This institute is established for the purpose of educating the mountain whites. As many of them bring their families with them, clothing for all ages and for both sexes is needed. Upon request, the vaudeville given at the street fair was repeated on Monday night to a large audience. Before the performance Dr. Richmond gave a short and spicy talk explaining the object for which the vaudeville was given, namely, the raising of funds for the new memorial library. One or two new features had been added, among these being a number given by Miss Minshall and her friend, guests at Hotel Ormond, entitled "The Neapolitan Scream." This was an Italian street scene, given in costume and which proved very taking. The maxixe dance, given by the little Misses Jeannette Darby and May Bramel, was most enthusiastically received, these small artists receiving two encores. Miss Jeannette's song and fancy dance later on also receiving much appreciation. Mrs. Neville, of Hotel Clarendon, was in beautiful voice and charmed her audience with three numbers—"The Rosary," "Good-bye" and "Land O' The Leal." The vaudeville netted something over \$88.00, which will help out the street fair proceeds and very materially add to the memorial building fund. Mrs. Ellen Borden, with Miss Johnson, are now spending a week or so in Tampa, Fla. Mrs. J. D. Price is spending a few days at Palm Beach in company with her friend, Mrs. B. W. Currier, of Lynn, Mass. Miss Dorothy Robbins, daughter of Mr. and Mrs. P. W. Robbins, of Pal-

metto street, with her cousin, Miss Ellen Pomeroy and friend, Hart Fenn, who has been spending a few weeks at the Robbins home, all left on Wednesday morning for their northern homes. Miss Robbins and Miss Pomeroy are very attractive young ladies and have been most popular in the village as well as at Hotel Ormond, where they have many friends.

On Monday afternoon about 3:00 o'clock a fire was discovered in the house belonging to Udo Smith on Tomoka avenue. Although help was on the ground within a short time, and much of the furniture on the lower floor was saved, the house burned to the ground, nothing being saved from the upper floor where most of the family clothing was kept. Mr. and Mrs. Smith have a family of eight children, most of whom are quite young, and the fire was a good deal of a loss, though there was small insurance. The family was cared for by the neighbors that night and on the following day moved into the house owned by Ed. Russell on Pine street.

NO MORE GRAPEFRUIT FOR MANAGER ROBINSON

Wilbert Robinson, manager of the Brooklyn Superbas, has developed a great dislike for grapefruit, since he was rendered helpless by being hit with one tossed from Ruth Law's aeroplane. A baseball was to have been thrown out of the machine, as it passed over the ball park, but the party selected to do the trick forgot the ball and substituted a grapefruit. When Robinson saw the sphere coming down, he thought it was a lemon, and proceeded to "nail" it. The veteran catcher misjudged the fruit, and instead of catching it in his "mits," it walloped him on the arm, leaving a "yellow streak" on Robinson that will take sometime to wear off. If there is any thing that the old manager despises worse than a yellow streak, it's a grapefruit.

Mosquitoes Near Pole.

The presence of mosquitoes in myriads within the bare, uninhabited arctic circle is surely in some degree a mystery. The mosquito is a blood-sucker, but in these universal plains he is for the most part and of strict necessity a vegetarian. A few birds excepted (and the birds are furnished with impervious feathers) there is no local life whatever. The Lapp in summer drives his reindeer to the sea, and no native crosses the field if he can help it. Yet in this region, "seemingly the most unsuitable for its effective working," the mosquito flourishes, "a primeval and enduring curse, inexplicably developed to its utmost."

Friendship Is Not Blind.

In friendship we see only those faults which may be prejudicial to our friends, while in love we discern no faults but those by which we ourselves suffer.—La Bruyere.

CLARENDON RIDING STABLE IS WELL PATRONIZED

Frank Ennis, riding instructor at the Clarendon stable, is kept pretty busy these days teaching beginners the art of horseback riding. His patrons, however, are not all amateurs, and many of those who are

seen riding in the vicinity of the big hotel spend much of their time in the saddle every day. Some of the best patrons of the Clarendon stable are Mrs. Briggs, Miss Don, Mrs. Kellogg and Mr. Greenbaum, all of whom are exceptionally good riders.

INSTRUCTOR CHRISTIE MAKES DISCOVERY

Instructor Christie of the Clarendon golf club believes he has discovered material for a great golf player in the person of Wilbert Robinson, manager of the Brooklyn Superbas. He may not enter the professional class this year, but with practice, is sure to develop something out of the ordinary as a golfer. Only yesterday the Brooklyn manager won a wager of a large juicy grapefruit by making the course in 41. The wind was blowing a gale, which seriously interfered with play, and had it not been for this drawback, Mr. Robinson's score would undoubtedly have been considerably lower.

ENJOYED LUNCHEON AT THE BIG HOTEL MONDAY

Among those who took luncheon at Hotel Clarendon on Monday were Francis P. Conroy and Charles W. Richardson, of Jacksonville. They spent the day sight-seeing in Daytona and on the peninsula.

First Guns in England.

When Edward IV returned to England in 1471, ten years after he succeeded to the throne, he obtained some forces from his brother-in-law, the duke of Burgundy, including 300 Flemings armed with hand guns, thus being the first to introduce these weapons into England. Afterward they became common. At first they were fired by the application of a lighted match to the powder by the hand. The match was a wick lighted and pressed against the powder in the pan. The invention of a lock to fire the powder in place of the hand was suggested by the trigger of the crossbow. The matchlock fired the arquebus, or harquebus, used by the soldiers of the fifteenth and sixteenth centuries, in projecting a ball which weighed nearly two ounces.

This property lies seven miles west of New Smyrna, on the Orange City branch of the Florida East Coast Railway, which cuts through one corner of it, and parallels it for three and a half miles.

The County road from New Smyrna to DeLand splits it through the center for four miles, same is being hard surfaced now.

About two thousand acres is prairie land, balance cut over pine, and no better trucking or fruit land can be found in Florida.

The drainage is perfect as it lies 22 1-2 feet above tide water, which hits it on the north.

The lands in the adjoining section have sold from \$25.00 to \$50.00 per acre, and prosperous farms are located on them.

The owner of the land has been holding for \$8.50 but is forced to realize quickly, and will sacrifice at above figure.

I would prefer to show this land to someone who knows values when he sees them, and it will take only a few hours to demonstrate it.

One-half cash, balance your own time at six per cent.

ELEGANT SOUTHERN PACIFIC BUILDING

AT PANAMA-PACIFIC EXPOSITION
FOR COMFORT AND CONVENI-
ENCE OF VISITORS AND THE
TRAVELING PUBLIC.

One of the notable buildings at the
Panama-Pacific International expo-
sition is that erected by the Southern
Pacific Railroad company for the com-
fort, accommodation, entertainment,
and service, not only of the travelling
public, but also of all visitors to the
exposition.

The structure is 200 feet square,
and stands but a short distance in-
side the Fillmore street entrance.
Its splendid columnar facade can be
seen from the entire length of Palm
avenue, the exposition's principal
thoroughfare.

Opening off the foyer to the left is
a cozy rest room for women, and a
nurse from the Southern Pacific hos-
pital department is in charge, ready
to minister to the tired, ill or dis-
tressed. Such first-aid equipment is
at hand as will meet any ordinary
necessity.

At the other end of the foyer is a
similar room for the comfort and con-
venience of men—writing desks, news-
papers from home, pictures that are
chapters out of the lives of Pacific
Coast sportsmen.

Leading from the foyer into the
central part of the building one finds
himself stepping into a different
world. The entrance leads through

the heart of a California big tree. The
whole enclosure is a miniature wood-
land, with trails leading among the
trees. Here and there are views of
famous scenic features of the Pacific
Coast reached by the Southern Pacif-
ic. Horseshoe Falls near Shasta
Springs, Yosemite Valley, Lake Tahoe,
Crater Lake, Mount Shasta, Santa
Clara valley and Lick Observatory,
Midway Point on Monterey peninsula,
Santa Barbara mission, Catalina
Island, Riverside orange district, Palm
canyon, Roosevelt dam and Cliff
dwelling, the famous old Alamo at
San Antonio, and a Louisiana plan-
tation home on Bayou Teche are among
the many views displayed.

Through this scenic woodland the
trail leads to the Southern Pacific
ticket office and information bureau.
Here tickets may be validated for re-
turn east, or tickets may be purchased
for short trips out of San Francisco
or across the continent. The infor-
mation bureau will gladly help plan
trips and provide carefully prepared
itineraries. Mail may be addressed
care of the Southern Pacific Office,
Exposition Grounds.

The Southern Pacific company cor-
dially invites all exposition visitors
to make the fullest use of every
facility provided. Everything is free
and no sense of obligation need be
felt. Helpfulness is the keynote of
its efforts, and it seeks to be first in
service as it assumes to be in safety.

YOUNG COUPLE SPRING SURPRISE ON FRIENDS

Miss Frances Elizabeth Quattle-
baum and Palmer Lewis Douglas
were united in marriage Tuesday af-
ternoon in the Congregational manse
on South Palmetto avenue, the cere-
mony being performed at 4:30 o'clock
by Rev. Wm. J. Drew, pastor of the
Congregational church, in the pres-
ence of relatives of the bride and a
few intimate friends.

The bridal couple left on train No.
85, due at Daytona at 5:10 p. m., on
a short wedding trip to Palm Beach
and on their return will make their
home with the bride's father and sis-
ters at Holly Hill.

The bride, a daughter of H. C. Quat-
tebaum, of Holly Hill, came to this
city in her childhood from Tennessee
in company with her father and sis-
ters, the Misses May and Josephine
Quattlebaum, and is well known in

Daytona and vicinity, having attended
the high school here.

The groom came to Daytona about
four years ago from Lexington, Ky.,
and is employed in the power plant
of the Daytona Public Service com-
pany, holding the position of assistant
engineer.

The young couple have many friends
to wish them happiness and success
in their married life.

Interesting Fact.
Here is an interesting fact which
may easily be verified: October al-
ways begins on the same day of the
week as January, April as July, Sep-
tember as December; February, March
and November begin on the same
days. May, June and August always
begin on different days from each
other, and every other month in the
year. The first and last days of the
year are always the same. These rules
do not apply to leap year.

ALLANDALE.

ALLANDALE, March 16.—The dinner guests at Ye Inn on Sunday were Mr. and Mrs. P. H. Falter, Mrs. Howard J. Smith, of Daytona, C. M. Ludwig, H. Q. Ward, of Zepher Hills, Fla., Mrs. E. J. Holland, Mrs. and Miss Brock, Albert Brock, J. W. Rikeman and wife, Mr. Ebbets and party of six of Brooklyn, N. Y.

On Tuesday of last week a party consisting of L. M. Waite and wife, Mr. Conrad and wife, T. E. Fitzgerald and wife, J. D. C. Morris and wife, F. J. Niver and wife, E. F. Schoeberlen and wife, F. N. Conrad and wife,

David Sholtz, Miss Flora Schneider, Miss Edna Morris, Mrs. W. M. Hankins and Mr. and Mrs. F. W. Pope, came down from Daytona for supper and dance. The party enjoyed the good cheer at Ye Inn and danced till near midnight.

On Wednesday a large party from Port Orange and Wilbur-by-the-Sea and Allandale held another of their pleasant dances to music furnished by the Quality Four orchestra. It was intended to dance some of the old-style dances but the music and the party who was to call the figures and the dancers could not get together, so only the Virginia reel was danced, and a jolly good time was had by both young and old folks, but it was hard to tell who were the old ones by the way all danced.

On Tuesday of this week another dance by Allandale and Port Orange and Wilbur-by-the-Sea people and another good time is assured.

H. Q. Ward, of Zepher Hills, Fla., was here on Monday superintending the setting out of more eucalyptus trees in place of those set out last season and failed to grow. The new trees are known by the common name of swamp mahogany and are strong growers and a fine shade tree.

Mr. and Mrs. J. W. Rusk go up to Daytona on Friday evening to give one of their most entertaining readings at the new Christian church.

Jones McCrory's new bungalow is all framed up and waiting for shingles and siding. Chris Suppee has the foundation all ready to set up the frame of his bungalow which will be of brick. Miss Marie Brock starts on her second house. Allandale is still growing.

The Sunday evening services at the club house are well attended. Rev. Mr. Oates' talks and the singing are helpful to all.

Mrs. Alfred Hood and daughter, Mildred, and Miss Josie Ridlon, of Samoset, Mass., are paying a short visit to their cousin, Mrs. Rikeman, at Magnolia lodge.

The 500 hundred club meet at the club house on Wednesday evening, breaking up with an informal dance.

That which attracts you to Central Park when you are in New York, Biltmore Estate when you are in Asheville, or Roland Park when you are in Baltimore, will some day attract you to Mountain Lake, in Polk County, Florida, where the Mountain Lake Corporation is developing a group of winter home sites and citrus fruit groves. The tract of land owned by the Corporation embraces two thousand five hundred acres and includes Iron Mountain, the highest point within sixty miles of the Atlantic coast between Key West and Northern New Jersey. Besides the ideal location, soil and climate for grapefruit and orange culture, to which it will be largely devoted, the property possesses unrivalled natural beauties which will be utilized by the landscape architect, an innovation in Florida development. The neighboring lakes and forests abound in fish and game.

While the Mountain Lake Corporation, through M. E. Gillett & Son, the well known nurserymen, will set out two thousand acres of orange and grapefruit trees in ten-acre groves, the remaining five hundred acres will be improved for winter homes with a golf course, country club, parks and roads. That this development will be of the highest character is assured in the engagement of Frederick Law Olmsted, of Brookline, Massachusetts, as the landscape architect. Mr. Olmsted inherited his love for landscape work, his father having been the foremost man of his day in that field. Among the elder Olmsted's best known achievements in landscaping were Central Park, New York, and Biltmore Estate. His son was associated with Mr. Olmsted in the work at Biltmore, and has to his own credit much that is notably good, including Roland Park, in Baltimore, and Forest Hills Gardens, Long Island.

Mountain Lake is in the heart of the leading citrus fruit section of Florida. It is but sixty miles distant from the Gulf of Mexico due east of Tampa and about as far from the Atlantic Ocean. Its exceptional elevation affords immunity from damaging cold, and as regards fertility of soil the tract is particularly fortunate. It is served by two railroads, the Seaboard Air Line and the Atlantic Coast Line. The groves will be planted and cared for during a period of five years by M. E. Gillett & Son, who have made the finest groves in the state under the same plan at Lucerne Park. The price of the first fifty of the ten-acre groves will be \$7,500 each, one-third cash and the balance in equal quarterly payments, beginning one year thereafter, without interest. After fifty groves have been sold the price will be increased to keep pace with enhancing values following the work of intensive development.

This Corporation commands respect because of the standing of the gentlemen who compose it. Among the leading stockholders are: FRANK S. WARBURN, president American Cyanamid Company, Niagara Falls, Ont., president Alabama Power Company, Birmingham, Ala. JAMES MITCHELL, president Alabama Traction, Light & Power Company, Ltd., New York and London. ELMER A. SPERRY, president Sperry Gyroscope Company, New York. HERBERT E. GOODMAN, vice-president and general manager Goodman Manufacturing Company, electrical mining machinery, Chicago, Ill. FREDERICK S. ROTH, president Mountain Lake Corporation, Lake Wales, Fla.

M. E. GILLETT AND D. C. GILLETT, proprietors of Buckeye Nurseries and Gillett Lumber & Transportation Company, Tampa, Fla. E. C. STUART, vice-president State Bank of Bartow, Bartow, Florida, director Coronet Phosphate Company, Lakeland, Fla.

A preliminary booklet, now ready for distribution, gives the plans much more in detail. Copy will be mailed on application and further particulars supplied upon request.

MAYOR FINED HALF A DOZEN DELINQUENTS

If you're doing business in the city of Daytona and haven't "kicked in" your license fee, the powers that be will get you if you don't watch out. True, it costs money to buy a license, but it's likely—very likely—that more to try to do business in these parts without one. This information is furnished you free—no charge whatever—but half a dozen people had to pay perfectly good money for identically the same kind of knowledge, Wednesday morning, in the municipal court.

This sextette of business men neglected to "render unto Caesar," consequently Caesar had his legions fetch the delinquent vassals before him—at the city hall. Various and sundry

were the excuses rendered. Some of the six had already possessed themselves of the yellow license slips—but it was after notification to appear in court had been given. This ruse didn't work. Mayor Titus commanded them all to render two dollars apiece, in addition to the regular license fee. Each and severally the behindhanders manifested an astonishing alacrity in the matter of liquidating. Perhaps they had come prepared to pay more, and feared that hesitation might "bust" the market.

The half dozen's names were—but what's the use? They've all taken their medicine and the doctor's been paid.

Kettle That Really Sings.
A Japanese inventor has provided an iron kettle which bursts into song the moment the kettle begins to boil. The sounds are produced by steam bubbles striking against musical metallic bars, just above the water.

"THE WOLF" AT NEW DAYTONA APRIL 1ST

Although the death of "Honey Boy" Evans last week caused the cancellation of Evans' minstrels, booked for the New Daytona theater, April 2nd, Manager Rodgers has succeeded in booking Eugene Walter's masterpiece, "The Wolf," for April 1st. "The Wolf" played for over a year at the Lyric theater, New York, and has had a continued success. It will be presented here by the Keewatin Associate Players, supporting Mildred Louise McConnell in the leading role.

Wonderful Snow Figures.
The delicacy and beauty of snow figures have no parallel in the product of man or insect. The most beautiful of webs, wondrous as they are, of the strange insect called the spider bear no comparison with snow crystals. The rarest of gossamer laces, stitched by deft fingers that have inherited the art throughout generations, have no such delicate figures, though they have found inspiration in leaf and verdure and flower of rarest structure.

THE OCKLAWA RIVER VIA HART LINE STEAMERS

The ascent of the OCKLAWAHA RIVER to SILVER SPRINGS and return is the most romantic river trip in the whole world. Scenery old, weird and grand. The night illumination is beyond imagination. 135 miles through forests of ancient cypress, oaks and palmettos, clad in vines and air plants; 24 hours in the heart of this beautiful Florida forest, leaving Palatka and Silver Springs. Hart line steamers leaving Palatka, Monday, Wednesday, Friday at 12:45 p. m.; from Silver Springs, Tuesday, Thursday, Saturday at 2:00 p. m. Write or wire for stateroom accommodation to Hart Line, Palatka, Fla., or to general passenger agents, and for descriptive booklet.

WILL FURNISH FOREIGNERS TRANSPORTATION.

INTERRED GERMAN LINER ESCAPED.

Okeechobee Farms

Will yield big crops of corn, cane, cowpeas, velvet beans, rape, peanuts, kudzu, spineless cactus, besides raising Bermuda, Rhodes, Para, Natal and other grasses for hay and pasture. With all these crops available, cattle, sheep and hogs can have good food the year 'round.

Thousands of Acres of Our Land at the North End of Lake Okeechobee Are Now Ready for Cultivation

These lands do not need draining other than small ditches necessary on any farm. Make a trip to Okeechobee on the new division of the Florida East Coast Railway without delay, and see for yourself just what these lands are. Not that Okeechobee is now only a trifle over twelve hours' journey from Jacksonville.

Investigate This Wonderful Country While You Can Have a Choice of Locations for Your Farm

You will find it unexcelled for general farming, livestock and poultry raising, and for growing all kinds of vegetables common to Florida as well as the finest citrus fruit. This town and country will grow at an amazing rate during the next few years. We also have excellent land and town lots at CHULUOTA and KENANSVILLE—the former a fine lake section in Seminole County suited to fruit growing, trucking and general farming, and the latter a fertile pine land country in Osceola County especially adapted to stock raising, general farming and fruit growing. NEWS OF THE HOTELS

Mrs. Walsh and her daughters, the Misses Nancy and Grace Walsh, of Port Huron, Mich., who have acquaintances in Daytona, are stopping at the Despland, where they will probably spend the rest of the season.

Miss Frances Woodbury and her brother, Urban Woodbury, of Burlington, Vt., who were guests at the Ridgewood previously this season, have returned to the hotel and will spend several days here before journeying northward.

T. M. McQueen, traveling passenger agent for the Nashville, Chattanooga & St. Louis railway, is one more of the railroaders now making headquarters in Daytona. Mr. McQueen, who registered from Knoxville, Tenn., is here in the interest of his road and is stopping at the Despland hotel.

Mr. and Mrs. Geo. S. Fey and son, of Peoria, Ill., registered at the Despland, last evening, and will spend some time in Daytona and vicinity. Mr. Fey is a member of the hotel fraternity, being actively engaged in the hotel business in his home city, and is delighted with what he has so far seen of Daytona.

A St. Patrick's day card party will be the feature at the Despland this evening, and will doubtless prove unusually attractive to the many guests of the big hotel. The customary Wednesday evening hop has been postponed in favor of the St. Patrick's card party, and will take place, instead, tomorrow evening.

That the acquisition of the Superbas has been a popular move, is shown by the interest of numbers of the hotel guests, who make the trip to the park to watch the practice between the "regulars" and the "yanigans" on the days when no games are scheduled. Baseball "dope" also helps pass many an idle moment in the lobbies and on the verandas, during the mornings and evenings.

Herr Schmidt, the genial proprietor of Schmidt's hotel, proclaims that the free advertising given his hotel thus far by its occupancy by members of the Brooklyn baseball club, should fill his comfortable hostelry to overflowing next winter with gay New Yorkers—ditto inhabitants of Brooklyn. The members of the squad quartered at Schmidt's are delighted with their accommodations, and will all "pull" for their popular host.

Daily Thought.

Youth comes but once in a lifetime, therefore, let us so enjoy it as to be still young when we are old.—Longfellow.

Mr. and Mrs. George W. Buckner celebrated Mrs. Buckner's 79th birthday Sunday quietly and pleasantly at their beach home, the Cozy. INDIANA MAN PURCHASES THE BARNES BUNGALOW

The most important sale of residential property within a short distance of Seabreeze avenue, the main business thoroughfare of Daytona Beach, was the transfer of Mrs. M. F. Barnes' modern new bungalow home on Peninsula drive to Richard E. Nivens, of Thompson, Ind. Mr. Nivens and family are spending the winter in Miss Shepherd's apartment house on North Atlantic avenue. Mrs. Barnes has been spending the winter in St. Augustine, but is expected to arrive today or tomorrow to close the deal for Mr. Nivens to take possession immediately. Mrs. Barnes has many friends in Daytona Beach and the suburban communities who will be glad to know that this disposal of property on the part of Mrs. Barnes may not mean her permanent removal from these parts.

ENLARGEMENT TOURIST CHURCH CONSIDERED

It was announced by Rev. E. W. Serl at the Sunday morning service at the Tourist church that enlarging the church was being talked among the congregation on account of the crowded condition each Sunday this season. Mr. Serl called upon Mr. Hatch, one of the trustees, to make a statement on the subject. The matter of enlarging the church, Mr. Hatch said, would be entirely with the congregation. It was and would remain non-denominational in name and in fact a tourist church, and it was for those who attended the services to decide this question. A committee, consisting of Mrs. E. J. Ranslow, Mrs. Cora Powell and H. G. Wells and W. H. Freeman will ascertain the sentiment of the congregation in regard to building. In the meantime, tentative plans have been made.

The Seaside Inn is enjoying an overflow season at present. The weekly dances and card parties are not only enjoyed by the hotel contingent but are participated in by a large number of cottagers. IF

and Can't are two words to keep men poor.
DO NOT USE THEM.

A gentleman said to me a few days ago. "Van I could have bought the six lots where your business is for \$1100.00. If I had known what I know now I would have bought them." That was less than four years ago. I bought them of Mr. Horace Stewart for that price. Last fall I was offered \$650.00 for one lot, a corner.

You say, I can't see how they can increase in value any more. Well, next fall when you come down you are going to pay 20 per cent. more for your lots than if you bought them this spring. And you are going to do it.

I bought two lots ten years ago for \$100.00. I sold them last fall for \$800.00. And that price was less than asked for property adjacent. There are just as good bargains offered now. Read the different ads every day. If you had been here twelve years as I have you would recognize the various good things offered by different ones.

Study over this advice, and let me know if there is a better place to live than in any one of these three live towns.

Sincerely yours,

A. VAN DE VORD

Cathedral's Vicissitudes.
St. Paul's cathedral of London has had a strange association with fire. The first edifice on the present site was erected in 610 by Ethelbert, king of Kent, but in 1087 this was destroyed by fire. Finally in 1666, when the great fire devastated most of London, St. Paul's was wrecked, this being the fifth fire. In 1675 the present church was built by Charles II at a cost of more than \$7,500,000.

SAD HAPPENINGS ON WEST SIDE OF CITY

WEEPING AND WAILING OF THE
ANGUISHED HEARD DAILY
FROM EARLY MORNING UNTIL
LATE AT NIGHT.

For the past several days the city pound has resounded with unjoyful canine music, as a result of the official dog-catcher's activity. Incarcerated in the municipality's palatial dormitory on the western outskirts of Daytona are dogs and dogs. There were other dogs, but they have gone to their long homes, being materially aided in starting on the far journey by the impounder, who also acts as official executioner. Dogs of good, bad and indifferent character: dogs with long hair, short hair, and almost no hair at all; fat dogs, lean dogs, good and mean dogs--hounds, curs, bulls, terriers, pointers and pups--all have found their way into the temporarily protecting care of the lawful dogger.

It was long since ordained that one who keeps a dog of any description whatsoever in this city must procure a permit for the privilege of so doing. And this said permit costs a dollar plus a quarter. Thereupon hangs this long, rambling tale. The owners of some dogs have failed to formally disconnect themselves from the necessary license fees; other dogs have no masters and are, of course, indigent in the fullest meaning of the word.

Licenses dogs are taken up, placed in the pound, kept three days at public expense, and unless somebody
